# BERNIE & MAX STAINED GLASS STUDIO

## Fire~n~Glass Workshops/Group Parties

Tuesday nights from 5 – 7pm

Welcome to Bernie & Max Stained Glass Studio Fire~n~Glass Fusing Workshop. In the Workshop, you will be provided with the materials, tools, techniques, and instruction to learn how to make your own personalized fused glass project, such as small suncatchers, jewelry, spoonrests, plates, bowls, and seasonal holiday items.

Fusing glass is the process of joining two or more pieces of glass by applying heat. The glass then “sticks” or “fuses” together as it softens from the heat. As the glass heats up, it becomes more liquid or fluid, and as it cools, the joined glass becomes solid again forming a new piece of glass.

You’ll choose from several colors of glass as the base for your project. Then you’ll begin designing your art project by applying different types of glass materials to your glass base – such as stringers (long skinny “spaghetti” pieces of glass), noodles (linguini-shaped glass), powdered and chipped glass, different shaped color glass pieces, round jeweled nuggets. Once you’ve completed your creation, your project will be placed in the kiln, fired, and will be available for pick-up the following week.

First time projects are usually jewelry and coaster/sun catchers. After completing your first project, you can come back for other projects such as plates, bowls, spoon rests, wind chimes and holiday specific projects.

The fee schedule for the Tuesday workshops will be as follows:

Up to 4 pieces of jewelry or up to 4-3”coaster/suncatchers	\$25.00 per person
Extra jewelry or coaster/sun catcher	\$ 8.50 each
Jewelry findings and dichroic glass are extra	

Below is a partial list of other projects:

Small Bowl	\$30.00
Small square plate	\$40.00
Medium square plate	\$50.00
Large square plate	\$65.00
2-4” coaster/sun catchers	\$25.00
2-Spoon rests	\$25.00
Nite Lite (including hardware)	\$30.00
Holiday specific projects vary
